

Membership Termination Guidelines

By submitting the Membership Termination form you are confirming that you have read, understand, and agree that:

1. Membership termination requests must be submitted no less than thirty (30) days prior to your next scheduled automatic membership renewal. Termination requests received later will not prevent your membership from automatically renewing per the terms and conditions of your membership contract. If you have a scheduled renewal payment within this 30-day period, the payment will be processed as scheduled. **All payments are non-refundable.**
2. Additional family membership rates may be adjusted if the primary membership is terminated.
3. If you decide to reactivate your membership after the termination request has been processed you will be subject to paying the current membership rates at that time.
4. Once your request is received and processed we will reach out to you to confirm your request.
5. You must be current on all payments or your request for cancellation will be denied.
6. Submission of this form does not constitute a cancellation. The date we receive your cancellation request form is the start date of your thirty-day cancellation period. During your thirty-day cancellation period you may still access classes and the facility.
7. I have read and understood all these terms and conditions. I acknowledge I have signed a valid written contract. I acknowledge making materially false statements about the terms of my contract, or the terms and conditions stated here and publicly will subject me to litigation for defamation including Libel and any other applicable legal claim.
